

PIONEER QUATTRO 5

8 CHN 1080P HI-DEF TVI, AHD, 960H, IP, CVI - NVR

HDMI

Full HD
1080P

5 In 1 Formats

This NVR supports High-Definition Transport Video (HD-TVI), Analogue High Definition (AHD), 960H, Internet Protocol (IP) and High Definition Composite Video Interface (CVI) recording formats.

Widescreen Footage

1080P formatting also means that images are recorded in a widescreen format which suits modern TV's and monitors, meaning images do not get stretched or squeezed to fit on screen.

Scheduled Recording

Set the NVR to record at specific times of the day or for set periods when you are at work, away for weekends or on holiday.
