

## Datasheet

### VHLR - Universal relay

#### Product Description

This range of timers and relays from CDVI complement any access control system. From simple switching and lock release delay to the control of timed free access through an electronically locked door, these accessories are essential for any engineer's toolbox.

The VHLR is a universal relay, which has an input of 12-24Vac/dc with a double pole changeover relay.

#### Key Features

- Universal relay module
- 2 x changeover contacts
- CMOS quartz technology
- 12/24Vac/dc
- Ideal for van spares

 Certification

 DEEE

 Certification

 IP44

## Product Specifications

<b>Mounting:</b>	Surface
<b>Technology:</b>	CMOS quartz
<b>Relays:</b>	2
<b>Contacts:</b>	COM/NO/NC
<b>Weight:</b>	0.04kg

## Electrical Specifications

<b>Power input:</b>	12-24Vac/dc
<b>Consumption:</b>	5A @ 250Vac
