

External Sounder

The SDR-WEXT-00 is an external siren and strobe unit designed for use with the i-on10, and other third-party control units.

The siren uses fixed wiring between itself and the control unit.

The siren has blue flash indication and selectable loudness levels. The siren comes with built-in NiMH battery (9V/ 180mAh).

The SDR-WEXT-00 comes with built-in spirit level making it easy to ensure the product is straight when it is being mounted.

At a glance...

- Selectable sound output – 85 dB/1m; 105 dB/1m
- Piezo speaker
- Plastic housing with inner metal cover
- Built-in tamper
- Built-in spirit level
- Built-in NiMH battery
- Blue flash
