What's new

BASELINE StreetSiren DoubleDeck Jeweller	SUPERIOR Superior StreetSiren DoubleDeck Jeweller
Jamming is detected only by the hub	Jamming is detected by both the hub and the siren
Regular battery	Enhanced battery
Available for all PROs	Available only for accredited partners

This is the device of the Superior product line. Only accredited Ajax Systems partners can sell, install, and administer Superior products.

Additional promotion of security services

The main feature of **Superior StreetSiren DoubleDeck Jeweller** is the Brandplate faceplate (sold separately). A security service provider can print their logo and contact information on the front panel of the siren.

The siren becomes an additional marketing channel to reach new customers like neighbors and visitors.

Jeweller communication technology

- Wireless communication of up to 1,500 m in an open space
- Data is encrypted throughout the transmission process
- Regular polling to display current device statuses

Event notifications

- Alarms of the system's devices
- Security status: armed/disarmed
- Door opening (Chime function)
- After-alarm indication

Sabotage resistance

- Tamper alarm
- Device authentication to prevent spoofing
- Jamming detection
- Holding screw to secure the device on SmartBracket

Flawless autonomy

- Up to 5 years of battery life
- Low battery notifications
- Panasonic pre-installed battery

Quick installation and setup

- Pairing with a hub via QR code
- Remote control and configuration in the app
- Effortless installation and replacement
