

Ajax Superior HomeSiren G3 Jeweller

Wireless siren with advanced sabotage protection and an LED connector

This is a device of the Superior product line. Only accredited Ajax Systems partners can sell, install, and maintain Superior products.

One device, multiple missions

- An audible alarm to deter intruders and attract attention
- Security state indication to inform users of the system being armed/disarmed
- LED and sound indication of entry/exit delays
- Chime feature to alert users to opening detectors being triggered while the system is disarmed
- After-alarm LED indication to inform users and passing patrols of any alarms in the system

Superior Jeweller communication technology

- Up to 3,500 m (11,450 ft) of radio communication² in open space
- Enhanced data encryption
- Regular polling to display current device states
- Device authentication to prevent spoofing

Sabotage resistance

- Tamper alarm to inform users and a monitoring company if the tamper button is triggered
- Holding screw to secure the siren to SmartBracket
- Jamming detection
- Frequency hopping to prevent radio interference
- Connection loss detection

Adjustable alerts

- Adjustable¹ alarm volume: from 85 dB to 105 dB
- Adjustable alarm duration: from 3 s to 3 min
- Group mode: the siren responds only to events and security mode changes in its assigned group
- Ability to connect an additional external LED indicator that will follow the built-in LED indication

System supervision

- Low battery notifications and state display in Ajax apps
- Automatic device self-diagnosis with state report generation
- Notifications in case of malfunctions

Easy installation and setup

- Adding to the system via a QR code
- SmartBracket mounting panel for installation without enclosure disassembly
- Remote control and configuration in mobile and desktop Ajax apps
- Installation kit with all necessary fasteners
- Up to 2.5 years of operation on enhanced pre-installed batteries
